

Winter Free Workshop – February 9, 2019

Judy Becker ---- Make & Mount It --- AM

Framing your quilt blocks on stretcher bars is an inexpensive way to finish them as artwork. My method involves hand stitching.

Materials:

4 12" stretcher bars (at any art store)

staple gun

15" square of material (any fabric; this wraps around the stretcher bars)

needle, thread, scissors, straight pins

To do prior to coming to class:

If you want to mount a finished quilt in class, bring a 12 1/8" square finished quilt with bound or faced edges
