

Winter Free Workshop – February 9, 2019

Deb Rocha --- Wonky Stack'n'Whack Square Within a Square Blocks --- AM or PM

For the QC 2020/21 Raffle Quilt we'll be gathering up as many blocks as possible, hopefully enough to make a quilt to raffle to the public and one for the QC membership. We're aiming to make one similar to the quilt pictured, a wonky rainbow. You can make three blocks easily in 45 minutes with the stack'n'whack technique. In this workshop we'll go wonky and we can discuss how to make stack'n'whack kaleidoscope blocks, too. It's a really simple technique that is fun and always surprising.

Materials List:

There will be plenty of 12" blocks, but if you wish to add fabric from your stash, feel free to bring in some 12" blocks of your own. The fabric can be solid or print, but if printed it should 'read' as one of the solid rainbow colors: red, orange, yellow, green, blue, purple.

To do prior to coming to class: cut a few 12" blocks, if you wish

You will also need to bring in:

Sewing Machine and basic sewing kit (with beige or gray thread)

Rotary cutter with a new blade

12" ruler

Cutting Mat at least 16 X 24"
