

# Membership Growth Committee Updates

## New Member Packets

The new membership packets are now ready and have been distributed to QC's six newest members. This is an effort to not only personally welcome new people but, in addition, to help orient them as to the opportunities inherent in membership.

The packets contain a hand written welcome letter, a general information letter (password i.e.), a QC membership list, the list and description of QC committees and activities, programs for 20-21, workshop registration form and two brochures to share with friends.

We hope that this will help new members learn about how to get engaged quickly - particularly in this exceptional time of the pandemic.

A special thanks to Betsy H who volunteered at a Board meeting to create freeform sewn name tags for each new member. She is sending them out individually, so people receive a second surprise! Betsy has agreed to make 15 name tags.

A question for members...

**Would you be willing to create a small hand made gift for a number of new members once we have reached Betsy's maximum of 15? It could be a name tag or something else of your choice.**

Please respond to [membershipgrowth@quiltersconnection.org](mailto:membershipgrowth@quiltersconnection.org) or contact Karen Hohler.
